PROMOTING THE ADVANCEMENT OF OCEAN BEACH, POINT LOMA HEIGHTS AND THE MISSION BAY DEVELOPMENT

Twenty-fifth Year, No. 42 | Phones: B-3157, B-3884, | Friday, August 1, 1947 | Five Cents a Copy | Ocean Beach, California

Council Plans To Spend $435,000 On Mission Bay Park

San Diego plans to spend $435,000 this fiscal year on dredging and other development work for the Mission Bay, according to action taken Tuesday by the city council. The councilmen were greatly encouraged by the million-dollar appropriation made by Congress for the project in the closing hours of the session at Washington.

Now that the two dredges in the bay have practically completed their contracts, the new work will include dredging a new channel 275 feet wide from the Causeway to the northeast part of the Bay, also the dredging of shoal areas between the points opposite Mission Beach and the newly formed Tierra del Fuego Island next to the causeway, and landscaping and further development of the points on the western side of the Bay.

"This will develop the Bay to the point where you won't have to spend any more money on it for a long time if you don't want to," City Manager Fred A. Rhodes told Councilmen.

Land at the northeast part of the Bay will be used for tourist accommodations. Cost of dredging the channel was set at $250,000, and Councilman Gerald C. Crary estimated it would develop land valued at $750,000.

To Improve Built Up Land

Various points at the western edge of the Bay will be landscaped, roads and parking facilities constructed, piers and boat ramps installed and water and sewer lines installed. A temporary bridge will be constructed from the causeway to Ventura Point.

Councilmen Tuesday also instructed the City Attorney's office to expedite acquisition of land at the mouth of the Bay. Condemnation proceedings against the land are pending in court, but are delayed pending establishment of the mean high tideland, Councilmen were informed.

Guthrie Pitches No-Hit, No-Run Game For Local Team

In games at Horace Mann Playground last Friday and Tuesday, the Ocean Beach Merchant's team won one and lost one. In losing to De Sure's Clothiers last Friday, Glenn Guthrie, O. B. hurler was the victim of loose play by his teamates who committed 4 errors giving De Sure's all 5 runs. The locals being defeated 5 to 3. Summaries:

O. B. 3 runs, 7 hits, 4 errors.
De Sure's 5 runs, 4 hits, 0 errors.

No Hit Game

Tuesday night softball fans were treated to a spectacular game in the rare feat of a no hit, no run game by Glenn Guthrie and his teamates in defeating the potent and highly favored Crown Carpet team. In achieving the hall of fame, Guthrie struck out 17 batters and did not allow one ball to be hit out of the infield. The margin of victory was provided by a booming home run from the bat of second baseman Sam Thorpe in the third inning. Hurler Guthrie was ably supported by his mates who fielded flawlessly behind him. Summaries:

O. B.—1 run, 5 hits, 0 errors.
C. C.—0 run, 0 hits, 2 errors.

Broadcasts

Ocean Beach softball fans are again reminded that they may listen to a play-by-play broadcast of their home town team's games over new radio station KSON. All games played at Horace Mann playground will be broadcast direct, and those played at other fields will be summarized.

Black Sand Being Mined From Local Beach This Week

"Black" sand is again being mined from the beach near the foot of Point Loma Ave. in the Sunset Cliffs section of Ocean Beach. The R. E. Hazard Contracting Co., which has the contract, began with a huge crane this week the excavation job and by Thursday had a pile of the sand about 30 feet high containing hundreds of cubic yards of the material. The sand is being raised from the beach a height of at least 50 feet.

Inquiry by The News of the city officials brought the information that they knew nothing of the operation. From the office of the Hazard Company The News then learned Thursday that "we are excavating, sacking and shipping this sand to the El Rey Products Co. of Los Angeles. We have carried on this operation before, but this is the first time since the war. The Los Angeles firm is a roofing concern and is likely using the sand for the manufacture of roofing."

While the sand is referred to as "black," the color scheme to a novice looks more like a dark purple.

The Hazard office also stated it understood that the Los Angeles firm owns the property from which the sand is obtained.

Engineer Tom Allen Tells Lions About Mission Bay Park

The Ocean Beach Lions club, at its Thursday evening meeting in the Community Center, heard Tom Allen, project engineer for the Mission Bay Park development, discuss plans for converting the Mission Bay area into one of the west's finest aquatic playgrounds. Mr. Allen expressed great optimism in the project, especially since the recent million dollar appropriation by Congress for the development.

A guest was William A. Stone Sr., of Bridgeport, Conn., introduced by his son, Bill Stone. Program chairman for the meeting was Roger Daisley. President Bob Stevenson presided. It was announced at the meeting that two delegates were to attend the Lions International convention, which was held this week in San Francisco.

Mr. and Mrs. Sherman Pethley, 4145 Voltaire, will leave tomorrow, Aug. 2, for Los Angeles, where Mr. Pethley will attend the Scottish Games, a special meeting of the United Scottish Societies. Mr. Pethley is a member of the San Diego County Pipe Band.

Ted Bates, Mel Bergstrom Attend Lions Convention

Ted Bates and Mel Bergstrom left Friday, July 25, for San Francisco where they are attending the international convention of Lions clubs, as delegates of the Ocean Beach Lions club. The News received word from Mr. Bates Wednesday that the convention was an outstanding success. One of the high spots was the speech delivered July 30 by Gen. Carl Spaatz, commanding general of the Army Air Forces. The general discussed "Cooperation for Control of the Air."

In another speech Clifford D. Pierce, president of Lions International, reaffirmed the organization's militant stand against Communism, and told of plans to further expand Lions clubs in Europe as a weapon against Communism.

China Hopeless, We Ought to Get Out, Kiwanis Club Told

"China is hopeless. We ought to get out and let the Chinese settle their own difficulties," Paul Jones, manager of a new San Diego radio station with the letters "KUSN", told the Kiwanis club Tuesday evening. He spoke from his experience of 34 months in the U. S. Army in China, Burma and India, mostly with the supply department of the Army, and was introduced by Rollin E. Reed, program chairman for the evening. Jones, though now in the Army Reserves, held a colonel's commission while on duty in the Orient.

Like other U. S. Army officers who have been in China he brought back an unfavorable report on the present government there under Chiang Kai Chek. "China has a government of force," said Jones. "Though freedom of a kind exists in the village and local governments, the situation is as though there were no over-all government, and in fact China has never had a free election.

"The big problem in China is food. The average Chinese family has meat only about twice a year on the average. And the U. S. supplies that have been shipped there do not reach the starving peoples. The supplies are taken over by the representatives of the Chinese government and diverted by them into the 'black market'.

"As for Russia, there is no Russian problem in China. Russia is

Shall The C of C Hold The Monthly Meetings At Noon?

"Shall the Ocean Beach Chamber of Commerce hold its regular monthly meetings of the entire membership at noon?" The officers urge every member to read and study the bulletin and offer constructive suggestions.

Norma Stalks Turtles In Louisiana Marsh

Miss Norma Jean Belloff, Ocean Beach cyclist, who has pedaled her way across the continent since leaving here in January, is now in Florida. The following are excerpts from letters written to her mother, Mrs. F. H. Belloff, 2111 Mendocino Blvd.

(More of the letter sent from Mobile, Ala. It had been added to at several points along the way and finished June 30.)

Dear Mom:

There is something else I want to tell you about Louisiana. In the fields I noticed what I thought was small white rocks. They looked to be about ten inches across and were scattered as were dark stones in many an Arizona and Texas pasture. Stopping to walk aways to stretch my legs, I was amazed when I saw one of the "rocks" beside the highway. It wasn't a rock at all instead it was a mound of mud. You remember the sand castles you taught us to make on the beach by dropping sand and water thru our closed fist, these towers appeared to be made in the same manner. The first chance I got I asked what built them and was informed, "Crawfish." Gee, was I surprised. I thought crawfish were strictly salt water animals. During the rest of my jour-

6,000 At Local Beaches Sunday; Several Rescued

Record crowds found refuge from the summer heat at the local beach during the week. An estimated 6,000 people thronged the beaches from Sunset Cliffs to Mission Bay Sunday, enjoying the 70 degree water and excellent surf. Five swimmers were reported rescued from riptides Sunday, but their names were not obtained.

On Tuesday Lifeguard John Kowal pulled Louis Markowitz, 66, of San Diego, from the surf after the latter had stepped into a hole at the Newport avenue beach and collapsed. A resusitator was used to revive Mr. Markowitz.

Kraft on Interim Committee Work At State Capital

Senator Fred H. Kraft and Assemblyman Howard K. Cramer left Monday for Sacramento, where they are now engaged in Interim Committee work for the state legislature.

First they were to attend a meeting of the Joint Interim committee of the senate and house on the matter of California's tidelands. The committee is seeking return of the tidelands lost because of a recent surprising decision of the U. S. Supreme Court.

Gov. Earl Warren and Atty. Gen. Fred Howser are expected to attend the sessions, at which Howser will report on his recent trip to Washington.

The State is moving along two lines. One move is to seek a reversal of the Supreme Court decision giving many tideland titles to the Federal Government. The other is to seek Federal legislation returning the tidelands to the State.

Before leaving Senator Kraft also stated that he planned to organize the Senate Interim committee on Employment Stabilization, of which he is chairman. This committee expects to make a preliminary check into the operation of the California State Employment Service.

Senator Kraft said the scope of the Committee's work has been limited, but that he expects to uncover enough information to bring about a general audit of the whole system.

Included in charges hurled against the Employment Service, said Kraft, is that it has an inner circle of favored Bureaucrats who have a "union" of their own and deny promotion to those not members.

Miss B. Buren of Long View, Wash. is currently the houseguest of her aunt Mrs. R. A. Wiltse of 2174 Guizot St. Also a guest at the Wiltse home and also from Long View is Mrs. E. Felts. The ladies aer spending two weeks here on this their first visit to Ocean Beach.

1 Million Appropriated For Mission Bay Park

Council Follows Diagonal Parking As Per Petition

San Diego City Council Tuesday granted a petition for diagonal parking on Newport Ave., the petition having been filed by several local business men last week. The petition was one that had been circulated about two weeks ago, and contained the names of 114 from various places of business in the Newport Ave. business district asking for diagonal parking. Lloyd Greeson, Marc Strauss and John McAlpine attended the city council session. Lloyd reports that no protest to the petition was entered and the council, accordingly, "passed the petition over to City Manager Fred Rhodes for execution."

Inquiry of the City Manager's office by The News Wednesday revealed that the petition had been received from the council. Neal Smith, the assistant city manager, on being asked, stated that the matter was being turned over to the Public Works department to have the painting done and he estimated that the painting of the diagonal markings likely would be done within three weeks. Verne Parker, the assistant director of Public Works, he said would be in charge.

PADS TO TANGLE WITH OAKS IN 7-GAME SERIES STARTING AUG. 5 AT LANE

Pacific Coast League baseball returns to Lane Field, Tuesday night, August 5, when the San Diego Padres and the Oakland Oaks meet in the opener of a seven game series. Single night games will be played through Saturday night with Sunday's twin bill set for 1:30 p.m.

Although the Padres dropped a recent four game series to Manager Carey Stengal's Oaks, the seasonal record for the two clubs stands at nine games apiece. San Diego opened the season with six straight triumphs over the Oakland crew, but since that time have been hard pressed in nearly every engagement with the northerners.

EARLY CONSTRUCTION OF OUTLET CHANNEL BY ARMY NOW ANTICIPATED

The Mission Bay recreation development plans began to take more concrete shape this week, following the sudden passing by Congress of the $507,000,000 War Department civil functions appropriation bill, which provides one million dollars to be spent on control of lower San Diego River floods. This appropriation is the key to the proposed Mission Bay Park development, work on which was launched last year. The work so far has consisted mainly of dredging to form points of new land. The next major step is dredging to divert the river temporarily so that work may proceed in the bay itself without interference from river silt.

The money, which is part of a total of $29,456,588 appropriated for California work, will be spent in the fiscal year of 1948, that is, between July 1, 1947, and June 30, 1948.

Work to Begin Soon

News from Washington Wednesday led the city officials here to believe that construction work by the Army Engineers on the new outlet channel for flood control of the San Diego river will start soon, likely within two or three months provided the necessary labor and materials are available that soon. The engineers went to work soon as they learned that Congress had passed the million dollar appropriation. Col. A. T. W. Moore of Los Angeles, the chief Army engineer for this district, will be in general charge of the construction.

Moore said that construction

Woodhead Pushes For Swimfest In Mission Bay Soon

(By F. F. Swan)

John Woodhead, Mission Beach, veteran swimmer who does his stint of swimming a mile every day in Mission Bay, the year round, is all for a big swimfest to be held in the bay at the close of the summer. He contacted C. C. Prexy-Publisher F. F. Swan Monday and transmitted his enthusiasm for the event to "Landlubber" Swan, (who incidentally can't swim over 50 feet at the most). He also contacted that well-known former Ocean Beach lifeguard, Lou Fleetwood.

To help the matter along the writer also phoned Mrs. V. C. Hunsaker, leader in the "Swim Easy" club, and found her also enthused

MEET YOUR OCEAN BEACH NEIGHBORS

Roy O. Plummer

(Studio of the Cliffs)

This week we'd like to have you meet Roy Plummer, charter member of the Ocean Beach Lions club, and until recently half-owner of the Plummer Brothers Radio store on Voltaire St.

Roy was born in St. Louis, Mo., and attended school in Omaha, Nebr. After graduating from high school, Roy joined the army "to see the world," and wound up in Honolulu. After his three-year hitch, he returned to Omaha and went into the radio business. In 1937 Roy came to southern California, doing radio work in various places in San Diego county. After working at Thearle's Music Store for several years, Roy decided to go in business for himself and started his radio store on Voltaire.

A year and a half ago Roy's brother, Milt Plummer, joined in the enterprise and recently purchased Roy's half. Roy decided to sell in order to devote full time to his interesting and remunerative hobby of minerology. Starting out as a pastime eight years ago, Roy's interest in rare rocks and gems has grown, until now he does a booming mail order business, buying and selling the stones from and to all parts of the world. Some of the stones and gems are gathered by Roy himself on treks into San Diego county's mountainous back-country; others are imported from places as far away as South Africa. Roy reports that San Diego county is one of the richest sources of mineralogical specimens in the world.

Roy married Winifred Olin of Spencer, Neb., in 1928 in Rogers, Neb. The Plummers live at 5068 Brighton Ave., with their four children, Jay, Nola, Lois and Susan, all students at local junior high and high schools.

Besides belonging to the Lions Club, Roy is a member of various mineralogical societies, including the San Diego Mineralogical society. He was one of the judges at the mineral exhibits at the County Fair last month.

Roy reports that he would never willingly live anywhere but in Ocean Beach. "It's even better than Honolulu," says he.

Two Ocean Beach Lads in Finals Of Both Classes in Soap Box Derby

DONALD BOBBY SETS LOW MARK OF 23.5 SECONDS OF ALL RACES SATURDAY

With 11 Ocean Beach lads competing, two of them won their way into the finals of the big San Diego Soap Box derby, staged Saturday on Sixth Ave. From early morning until 4 p.m., the races were on before a crowd estimated at from 7000 to 20,000. A total of 92 boys had entered Class A and 62 were registered for class B.

James Lessing, son of Mr. and Mrs. Arthur R. Lessing of 1082 Devonshire Dr., won his way into the finals of Class A. After his three preliminary heats he took second in the Class A finals, the winner being Tony Penuelas in the fast time of 24.1 seconds. Tony later won the run-off with the Class B winner and was crowned derby champion. His victory means he will go to Akron, Ohio to compete in the national Soap Box derby. James Lessing, who is 16, and a junior this coming fall at St. Augustine high school, won a two-cylinder gas engine as his prize. James best time was 24.3 seconds.

Donald Bobby Sets Record

Donald Bobby, 12-year-old son of Mr. and Mrs. Edward Bobby of 4573 Granger St., not only won his way into the Class B finals but in his first heat of the day, set a record time of 23.5 seconds, the fastest heat of all the races Saturday. Donald is the lad who won the championship of the Ocean Beach Cracker Box derby held June 29

for an event of this kind. Here's about the way Veteran Woodhead, who incidentally is 65 and has been winning various swim events for men over 45, outlines the swimming meet that he has in mind.

Date for the event — early in September, before school starts.

Place—Mission Bay near El Carmel point, the course to be determined later.

Auspices—Aquatic division of the city's recreation department.

Inducements—Medals, and or merchandise, and certificates for all contestants.

Classes proposed — Boys under 15 from Ocean Beach, from Mission Beach and from Pacific Beach; girls under 15 from the same three communities; open class, for each of the three communities; veterans class for each of the communities, for men 45 and older, and another class for women 45 and older.

Woodhead suggested that the Chamber of Commerce, or business association, in each of the three communities handle the matter of providing the necessary prizes.

Woodhead formerly lived in Ocean Beach at 4812 Cape Way Ave.

Local Women Organize Garden Club In Initial Meeting In S. M. Kyde Patio

(By Marian Krettler)

A group of about 60 local women interested in the organization of a garden club overflowed the roomy patio of Mrs. S. M. Kyde's residence on Devonshire Dr. on Monday afternoon. The session was sponsored by the Ocean Beach Woman's Club, and the president, Mrs. B. H. Nielsen, acted as chairman.

"Many new people are acquiring homes in Ocean Beach," said Mrs. Nielsen, "and most of them are as unfamiliar with California planting conditions as I was when I came here. In Wisconsin, we thought that everything had to be planted before the end of April, or there was no garden. If our newcomers can learn about our differing situation before they begin gardening, they can be spared the many mistakes some of the rest of us made."

Mrs. Don Hunter, of the Rosecroft Nurseries, spoke informatively on ground preparation, proper fertilization and pest control, and later, answered the many questions from the eager audience. She brought with her from Rosecroft handsome specimens of a new lavendar and pink fuchsia, "Conchilla," as well as gorgeous blooms of tuberous begonia. This climate is especially adapted to the culture of both plants, and Mrs. Hunter told of their care.

By popular demand, Mrs. Hunter whistled her famous imitations of bird calls, ending with the mocking bird variations.

Ideas and information on gardening were offered from those present, and a lovely poem about the yucca, "The Candles of the Lord," was read by Mrs. Nielsen. Refreshments were served by the hostess, Mrs. Kyde, assisted by her granddaughter, Mrs. Harold Depew.

Almost 40 women signed up as future members of a garden club, and others interested are invited to attend the August meeting. That will be a real treat, for it will be held in the beautiful Rosecroft Begonia Gardens on August 25, with Mrs. Hunter as hostess. There is only one stipulation for attendance. Bring your own chair. The meeting will be at two o'clock.

How to reach Rosecroft? ..Drive up Santa Barbara to Catalina, and towards the Spanish Lighthouse, past the old Theosophical grounds. Then, watch for the Rosecroft signs. If you've acquired a home and want to plant a garden and don't know how to go about it, do come. You'll be most welcome.

Enroute the group will visit with relatives.

The evening service was simple and charming, Miss Gillman dressed in a gray suit with navy blue accessories and a navy blue hat, and carrying a bouquet of orchids. She was given in marriage by her father, Donald R. Gillman, and her matron of honor was Miss Alice Jane Cooley of San Diego. The groom was attended by Clifford Swanson as best man.

Music was provided by Miss Meta Bruce, who sang the "Lord's Prayer" and "Ave Maria", accompanied at the organ by her sister, Miss Amelia Bruce. Both are residents of Ocean Beach.

The reception at Wallace Hall which followed the ceremony afforded ample opportunity to observe the guests. Mrs. Donald R. Gillman, the bride's mother, was distinctive in an aqua colored crepe dress, and the groom's mother was tastefully dressed in an afternoon dress of teel green. Also at the reception were some of the bride's relatives from Vallejo, Calif. and some of Mr. Julian's from Los Angeles.

The newlyweds planned a brief honeymoon at Long Beach, and upon their return will reside in San Diego.

Miss Gillman is a graduate of Point Loma high school and was for a time a student at San Diego State college. She has been employed since leaving school as a bookkeeper in San Diego. WILHOITS RETURN FROM VACATION IN COLORADO

Dr. and Mrs. J. W. Wilhoit returned Wednesday, July 23, from a 17-day vacation on their cattle ranch near Crawford, Colo. With them went Dr. Wilhoit's son, Richard; his mother, Mrs. J. D. Wilhoit; and his sister, Mrs. Della Marshall. While at the ranch they entertained Dr. Wilhoit's niece, Mrs. J. Marshall and her two children, of Chicago. "Fall Fashion Fete" Proves to Be One of Season's Gayest

Sacred Heart parish hall was the scene of a gala fashion show Tuesday when approximately 300 women assembled to see the latest in fall styles. The "Fall Fashion Fete," sponsored by the Sacred Heart Altar Society, proved to be one of the season's gayest and most imaginative social events.

Models displayed fall fashion notes from Celile's and Charles', both of Imig Manor. Miss Mary Lou Emery, manager of Dorothy Farrier Modeling school, narrated the show and was herself a tone poem in gray as she proudly presented her pupils in dress styles running the gamut of a woman's day. Luxurious furs were shown for street and evening wear and each costume was accentuated with an appropriate hat style.

Mrs. Martin Murphy, general chairman of the arranging committee, expressed the opinion that the result was worth the effort. She extended equal thanks to the guests, all committee members, and others who contributed so generously to the occasion.

The affair was planned as a means of raising funds for the reduction of the Sacred Heart church debt, and all parties concerned expressed great satisfaction with the financial returns. A formal estimate was not available, however.

Mrs. Krettler Interviews One of Beach's Most Interesting Residents, Mrs. Ritchey

(By Marian Krettler)

If you haven't already done so, meet Mrs. Perry Ritchey of 4844 Bermuda Avenue. Everyone who knows her calls her Artie May, and her list of friends seems endless. You see, having no immediate relatives of her own, she has adopted the world as her family. She loves people —especially children, and owning many rental properties, refuses housing to any couple minus offspring. The more children you have, the better chance to obtain a place from Artie May, and only one of her tenants is childless. But then, this tenant lived on the spot before Artie May bought it, and she just did not have the heart for eviction.

For six years, Artie May Ritchey was away from her home on the Bermuda cliffs, and you may remember the huge house as a rest home. She's been back for several years, but has been so busy renovating and adding on a guest house and patio that only recently has she had time to do as she pleases. Which, according to her practice, is being wonderful to her family — the world.

For many years Artie May dreamed of a patio. Not one of those handerchief-sized items, but a roomy place where she could entertain crowds. She also visioned a visit to her mother's birthplace at Montgomery, Alabama. When she was disappointed by not being able to get way, to go to Montgomery, she just turned the money into patio construction, and there it is. Measuring fifty by one hundred feet, centered by a great four-sided barbecue pit, and arranged to seat hosts of friends.

She's currently working on plans for a playground for the children of her neighborhood. That will be on lots adjoining her home. Meanwhile, her two-

Mission Bay *continued*

(Continued from Page One)
work can get under way quickly, because most blueprints for the flood control project have been completed with $187,000 advanced to Army Engineers by the City of San Diego. The army later will reimburse the City for this fund.

Moore and his aids will confer with San Diego City officials in the next few days on the scope and nature of the contracts.

Means Earlier Jetty Construction

To Ocean Beach the news from Washington means that no doubt the south jetty from the river channel entrance to Mission Bay will be constructed sooner than if the appropriation had not been made until the next session of the Congress. As previously announced the plans call for a jetty 800 feet long to be constructed out into the ocean from the south edge of the new channel entrance for Mission bay. This is the jetty that is of particular interest to Ocean Beach since the experts have figured that such jetty would stop the ocean from tearing out the local beach, and would instead build up additional beach between the jetty and the foot of Newport Ave.

The million to be spent will be used to divert the San Diego river along a 3.3 mile channel to the ocean, according to Army Engineers here.

In a telephone conversation with the Los Angeles office of the U. S. Army Engineers, City Planning Director Glenn Rick learned that the Engineers are sending two representatives to San Diego this week.

Army Crew Here Now

The Army has a crew and field party working here now, but the two consultants to arrive here are expected to be able to set the date when actual construction under the new appropriation can begin.

Rick said the appropriation is "most encouraging". With the $1,000,000 to be spent on flood control, Rick said, "we now feel we are over the hump.

This action puts San Diego in a position to ask the State for reimbursement of City funds spent in the acquisition of land," he stated.

Rick estimated the total cost of flood control on the San Diego river would amount to $4,604,000, of which the Federal government will provide $2,778,000 and California $1,826,000.

Of this latter amount the City has already spent $446,000 in the purchase of the necessary land and right-of-ways. This money will be returned to the City by the State.

ECHOES OF THE PAST

Excerpts from the Ocean Beach News of 20 years ago Saturday, July 30, 1947

From our vantage point in flippant 1947, life 20 years ago seems to have carried with it untold hazards and recurrent excitement. Maybe we're missing a lot. Why, in the July 30, 1927 issue of the "Beach News" (as we were known then), reporters wrote feverishly of the coming performance at the Strand theater of Rin Tin Tin's latest epic. "The wonder dog is splendid in this, his most stirring role!" they exulated.

Advertisers, too, seemed to catch the spirit of those daring days. Competitive extermination products companies painted graphic pictures of what might be the dire consequences to non-users of their lethal merchandise. That is, one of them did. The other described with equal brutality the wretched end of the bugs belonging to those who wisely followed the ad's good advice.

Radio was a thrilling miracle 20 years ago. NBC proudly announced its program for the week following our issue.—"Program," singular. The company was prepared to present to a culture-minded world selections from famous operas.

Fords, too were a delightful novelty. Local owners were wooed by the company with a special offer of free fuel. Sounds incredible, doesn't it?

Paris had a word for the gals, but it sounded expensive. The courtiers proposed velvet handbags and all-over lace dresses for the summer fashion season.

The Navy department, however, was growing with the times. It announced that no discrimination on account of sex would prevail among women employees. The ladies, it consented, would be permitted to smoke along with the men.

Fred Kraft Jr. was awarded first prize among the boys of the one year group in the annual children's bathing revue at Mission Beach.

John and Margaret Rankin returned to the fold after a vacation at the Grand Canyon and the Hopi Indian reservation. (This in the days when the Grand Canyon was the edge of eternity and seeing an Indian was seeing a savage.)

on the Newport Ave. course. In the Class B finals Buddy MacKendie won in a close finish over Donald in 24.2 seconds, seven tenths of a second slower than Donald's best time. Donald used the "Gold Arrow" racer with which he had previously won the Ocean Beach derby.

In the finals of the derby, Tony competed against Buddy MacKenzie and won the title. His time in the final was 24.2 seconds.

Tony, who is 15, is a ninth grade student at Woodrow Wilson Junior high school. His awards included a huge plaque and a wrist watch. On the truck with him at the presentation were his parents and Gilbert Klecan of Ocean Beach, last year's San Diego derby winner, who later went on to Akron, Ohio and won the national championship. Gilbert was introduced as the 1946 national champion.

Jennings In Quarter-Finals

Gordon Jennings, son of Mr. and Mrs. Bud Jennings of 4311 Newport Ave., competing in Class A won both his first and second heats, the latter in the fast time of 24.3 seconds. In the quarter-finals competing against Tony Penuelas who later captured the title, Gordon had to slow up to avoid a crash when the third contestant in that heat cut in ahead of him in Gordon's lane. Gordon gained on Tony later but not enough to catch him. Gordon is the lad who won first in Class A in the recent Ocean Beach derby.

Other Ocean Beach contestants in the derby were the following:

In Class A—Robert Lechien of 4685 Voltaire St., Gordon Leith of 4370 Santa Monica Ave., "Sonny" Maggiora of 4652 Long Branch Ave., Ralph Miesen of 5019 Narragansett Ave. and Benny Vaughn of 2064 Venice St.

In Class B—Joe "Buddy" Aubrey of 5076 Saratoga Ave., Larry Coleman of 4591 Tivoli St., Michael Horvath of 4769 Narragansett Ave. and Robert Whaling of 4754 Muir Ave.

Mr. and Mrs. Jack Hammann of 4652 Santa Cruz last week received Mrs. Hammann's niece, Miss Carolyn Shear of Buffalo, N. Y. and Miss Shear's friend, Miss Doris Barry, also of Buffalo. The girls are on a three weeks' vacation and arrived July 23 after a brief delay in San Francisco, where the railroad strike held them up for a few hours. The Hammanns plan a trip to Los Angeles this week to show the girls the sights of that city.

ney thru La. I saw their habitats. Sometimes they were in hard dry spots but more often rose out of marshy areas. Finally near Houma, La. I saw one of the creatures in person. Early Wed. May 21 I peddled out of Houima. It was a fresh, sunny morning after a full day before of rain. I was wishing I could explore the swamps, but knew better than to go into them unprepared and ignorant of their ways as I am. Along came the answer to my wish in the form of a dwarfish boy on a small seatless bicycle. He was seventeen but I would have guessed him as eight. In the basket on his handlebars was a hoe and the remains of a squashed turtle he had picked up on the highway, to use for bait. I asked him, "What is the hose for." "I need that 'cause ahm goin' turtle huntin'." We rode on together talking, while he kept one eye searching the marsh grasses along the roadside for turtle trails. A turtile bends the grass down leaving an easily followed path as he swims and crawls thru the marsh. I couldn't distinguish one animal trail from the other but my new companion could. He told me he'd had a few try-outs as a jockey and was just passing time until he would be eighteen and could really go into training. Of course he asked all about me and I told him. About two miles from Houma he decided he'd found a good spot. He layed his bike down beside the road, took up the hoe and gingerly started wading into the water. It was too deep so he came out again. "Sometimes ah swims across but ah don't feel laike gettin' all wet jus' now," he explained, then his small dark eyes blinked happily when he saw I'd layed my bike down to join him and had found some sign board planks crossing the deep, 'edge channel.' We went across on the planks to the turtle beds. It looked like a forest, with only a few briar patches for undergrowth, that had been flooded with a foot of water. For about half an hour we hunted, mud rising to our ankles at each step. The ground was very rough with cattle footprints and the water-hidden-grass-stubble often jabbed my bare feet. I minced along after the boy, who more than once exclaimed "Look ther," and mangled a snake with his hoe. Holding on to his shirt tail I would watch over his shoulder. The hoe was more useful than I guessed and the boy told me he would never go into the swamp without it. He vaulted over the deep places with it, then threw it back to me. His pudgy nose wrinkled in approval when he saw the ease with which I followed him. When we came on a heavily laden berry vine he used the hoe to part the thorny runner's and brought me a handful of the sweet, black fruit. "Look here," he exclaimed suddenly reaching down between our feet. My toes curled up with instinctive horror 'cause I expected another snake. Instead it was, what I'd have taken for a cooked baby lobster. You know lobsters are green until they are cooked, when they turn a bright red. This fella about four inches long, was firey red. "Don't let 'im bite yer toes!" laughed the boy, dipping in his hand and pulling out another one to show me. "Crawfish," he explained, "but we ain't got nothin' to put 'em in." Later he spotted a turtle trail in a tall patch of grass. I waited while he followed it and came hurrying back, triumphantly holding up a tortoise the size of a dinner plate. "I'll git four bits fo' him," he grinned, "the littel one is only two bits." He decided though, that the marsh in back of his house was better hunting than here so we went back to our bikes. When I said good-bye he looked at me very wistfully, but returned my smile and went his way. I went on to New Orleans.

I don't believe I told you what happened in Gulfport, Miss. I limped into town with a bulging cracked rear tire and hunted up a cycle shop to get some help putting the spare on. The spare was the wrong size, so the elderly man at the shop got me another. He spent two hours with me, fixing my tires and put in a new kick stand. When I took out my money he wouldn't accept any. He had been too polite to ask me questions but the boys hanging about getting in the way and trying to help, had to know everything. The repair man had enjoyed listening to their queries and my answers, then wouldn't consider any payment. I was surprised and have just about decided I fell asleep last Jan. 20th and am still dreaming.

I'm learning more about the south each day and still have trouble keeping my jaw from gapping.

I didn't know the New Orleans picture was published elsewhere. Yesterday reporters interviewed me for the Mobile paper. They promised to send you the article and picture.

She's a good party-line neighbor, too

Yes, whether it's a matter of sharing flowers...or a pet recipe...or a party-line, neighborliness is simply being thoughtful and considerate of others. These days, to provide telephone service to more people, there are more party lines than ever before. When you share a line, you can earn genuine appreciation from your telephone neighbors by remembering—

Five Golden Rules for party-line neighbors

- *Space your calls instead of making an extended series of them...and talk only as long as necessary.*
- *If yours is an emergency call, and the line is in use, explain the circumstances to the person using the line.*
- *If you are calling from a dial telephone, always make certain the line is clear before you dial.*
- *Ask your youngsters not to monopolize the telephone.*
- *Replace the receiver properly when you finish your call.*

Thank you!

REV. BIESEMEYER RETURNS FROM WEEK AT YOUTH CAMP

Rev. Paul C. Biesemeyer's absence from Ocean Beach last week was due to his presence at one of the Christian Adventure camps of the Methodist church near Julian. With him went three junior high school youngsters to enjoy a week at the camp. They were Dick Beauclair, Dan Varner, and Shirley Shaw.

The party returned July 26. Several such camps in the Julian area are planned for various age groups. At present there is only one camp, called Cornell Ranch, completed. It will eventually have accomodations for 200 junior high school youths, though only about half that number can be housed at present. The high school camp is scheduled to be finished the first week in September, when a group of high school boys and girls from the Pt. Loma Methodist church will vacation there. Worship, study, handcraft, and other camp activities are planned for all of the camps.

CHICAGO FIRM FIGURES OCEAN BEACH HAS ENTIRE SET OF CITY OFFICIALS

Judging from a communication addressed to the Ocean Beach Chamber of Commerce last week, the Chicago firm sending it figured that Ocean Beach had a complete set of city officials. Communication was addressed to eight different officials, all alleged to be occupying the "City Hall" of Ocean Beach.

There being no "City Hall" in Ocean Beach, the local postoffice force routed all eight to the local Chamber of Commerce box in the Ocean Beach post office. Besides the Secretary of the Chamber of Commerce, the other eight officers listed were as follows:

Mayor, city clerk, city auditor, city comptroller, city engineer, city marshal, street commissioner and director of public utilities, all addressed, "Ocean Beach."

Mrs. Walter F. Butcher of New York, N. Y. is currently the house guest of her son Commander R. W. Butcher and Mrs. Butcher of 4860 Narragansett. She arrived July 6 and plans to stay until fall.

Mrs. Ritchey, *cont.*

(Continued from Page 5)

apartment guest house across the patio reached completion two weeks ago, and one of the handsomely furnished rooms with private bath is already occupied, by the C. W. Copelands, old friends from Chicago. The Copelands visited Artie May in 1934 and the party for Mrs. Copeland honored sixty invitees. Just as soon as the lady rests from her journey, Artie May is going to ask the same sixty out again. It appears that she just can't rightly entertain less than that number.

As soon as her guest house was finished, Mrs. Ritchey invited the workmen and their families over for a patio party. They came, sixty-odd strong and had a whale of a good time. As you might surmise, the hostess is an inveterate party giver. She loves company. But no surprises, please! She doesn't like them. She wants the thrill of expectation, the unhurried preparation, and enjoyment when visitors finally arrive.

A wing of her eighteen-room residence houses a young couple with a three-months-old baby. Her secretary occupies the penthouse, where, in addition to business accounts, a record is kept of tenant desirability. Probably because she practices the golden rule she gets the same treatment back, for in her books there are few black marks against former and present tenants.

"People with children are so grateful and pleasant," said Artie May, "And they're not moving all the time." To every baby born in her houses, she gives a twenty-five dollar bond. "I've had six babies since Christmas," she announced proudly. Which statement would be startling without the context.

Oh well, people who can afford it can do lots of nice things, you may say. But wait. It took Mrs. Ritchey a long time to realize her visions of that hospitable home on the Bermuda cliffs. Her husband passed away during the depression, and Mrs. Ritchey had to move to San Diego to care for her half-vacant holdings. So she rented her home for one year, but it took her just six years to return. Some of those in her apartments lived rent free just to keep the places from being vandalized, and the income equalled only half the upkeep.

But it was almost time for the Exposition in '35, and Artie May went to work. Donning pants, she climbed ladders and scrubbed and painted, sometimes painting all night, readying for the fair. She made it. The Exposition with its influx of visitors marked the turning point in the Ritchey affairs, and so, the couragous owner weathered through the depression.

Thirty years ago, the Ritcheys came to San Diego. Refused quarters because their two dogs came along, they bought a house within three weeks of their arrival. Mrs. Ritchey has never forgotten that lonely experience, and since the policy banning pets also forbids children, she will have none of either.

Artie May has two living rooms, two kitchens, two baths, two deep freezers. "I was born under Gemini, the sign of the twins. I suppose that's why I do things by twos," said she. But, a very canny idea, those two freezers. They hold chickens by the dozen, several turkeys, and oodles of vegetables from the back country. There's eats and to spare for several sixtyish parties.

Inveterate hostess as she is, Mrs. Ritchey believes in thrift, which was taught her at her mother's knee. During the war between the states when the Alabama plantation was destroyed, that mother was a child in arms. The grandmother and her five children tramped from Montgomery to Nashville, Tennessee, and suffered actual hunger. "Always look after your affairs so you'll never be hungry," Artie May was told. She's never forgotten the admonition.

Where does she meet so many people? In Eastern Star, Daughters of the Nile, Daughters of the Confederacy, the Red Cross and her favored philanthropic projects. Besides, there are her tenants, the people she employs and those from other places. Just now this personification of gay activity is planning a patio party for hospitalized boys from Navy. I'll bet they'll number around sixty, come their special day.

The view of sea and cliff from the Ritchey windows is inspirational. But no more so than the woman who dwells within the rambling house, whose family is the world and joy in doing for others. We all just love neighbors like that. And here's an idea. If Artie May will just divide us into groups of sixty, some time she can get around to entertaining most everyone in Ocean Beach.

Sam Sims of San Diego moved a duplex building from Balboa Park to his lot in the 4800 block on Santa Cruz this week. When the building is remodeled, Mr. and Mrs. Sims will occupy half of it and rent the other half. Mr. Sims is a retired Navy man.

150 Attend Family Night Meeting July 30 At Local Center

(By Marian Krettler)

"Family Night Club," the latest enterprise of the Ocean Beach Community Center, was organized with a membership of thirty families. But at Wednesday evening's pot-luck dinner, one hundred and fifty persons were seated. The success of the event is largely due to social chairman, Mrs. H. D. Rowland, and her able committee, with their busy week of planning and preparation.

Long tables were beautiful with decorations of pink amaryllis and fern. They were arranged by the club president, Stanley Grobecker, aided by Harry Curry, Harold Rowland and John Woods, center Director.

Seated at the speaker's table with local officials were Pauline Langston, District Supervisor of the City Recreation Department, and Pauline des Granges, Assistant Supervisor of Recreation. And, by the way, Pauline Langston brought with her two new volley balls from the City Recreation Department, articles much needed.

Stanley Grobecker presided at the brief business meeting, where it was decided that officials and committees should serve six month terms. Organization of teams goes forward smoothly, and after games, there will be doughnuts and coffee in the kitchen. Occasionally, there will be other get-together feasts.

With chairman Rowland announcing "coffee after games," tables were cleared and the fun went on with athletic activities.

With such happy and neighborly doing in Ocean Beach, there's no reason for anyone in this area being lonely. Just bring the children and come over to the Family Night Club, any or every Wednesday night 7 to 10 and get acquainted with the friendly people of our good community.

LOCAL BANK OF AMERICA EMPLOYEES ATTEND PICNIC

Among the employees of the local branch of the Bank of America, and their families, who attended the Bank's beach picnic at Oceanside Sunday were Mr. and Mrs. Charles DeJoseph, Mr. and Mrs. Paul Dennis, Mr. and Mrs. Jack Zahn and daughter Judy, Mr. and Mrs. Don Daniels and daughters Holly and Sherry, Mr. and Mrs. John Foley and son Jon, Don Pierson and daughter Pat, and Marilyn Stevenson.

HEY, YOU SQUARE DANCE CALLERS, STEP RIGHT UP; LOCAL CENTER NEEDS YOU

The local Recreation Center is looking for a square dance caller. A good hearty voice and a little practice on the spiel is all that's required. Step right up! Don't be bashful! But if you're handier with a fiddle or an accordion than you are with the larynx, you're welcome too. In fact any instrumentalist gets a red-carpet reception these days at the Center. And even if you can't play anything but the zither, tromp on out Saturday night to the square dance. It's from 8 to 11 p.m. and there'll be someone to show you the ropes if you've forgotten how the thing goes. And soft drinks will be sold to wet the whistle of the wolves, The News is informed.

STATE MISSIONARY TO TALK AT BAPTIST CIRCLE MEETING FRIDAY, AUG. 8

Miss Matilda Utecht, Baptist state missionary from Los Angeles, will be the featured speaker Friday, August 8, 7:30 o'clock at the meeting of the Mary Martha Circle of the Ocean Beach Baptist church, circle officers announce this week. The meeting will be held in the church parlor.

The church also announced its schedule of activities for the coming week, which includes the appearance of the Sunnyside Gospel quartet at evening services Sunday, and at a meeting tonight, (Friday) of the Christian Home Makers' group in the home of Mrs. Alice McKenzie of Ocean Beach. Mrs. Eva Bolton will be co-hostess. Also tonight (Friday) the Cottage prayer meeting will be held in the home of Mr. and Mrs. Willis Reid at 4392 Narragansett.

The customary schedule of services at the church will prevail next Sunday, with Rev. Clifford Perron of Oelwein, Iowa preaching.

HOLLYCROSSES RECLAIM TITLE IN DAHLIA DERBY

The J. E. Holycrosses of 4475 Niagara Ave. die hard. Week before last their eight inch dahlia was champion, with all other dahlias looking like dandilions beside it. Then last week the title was lost to Mrs. T. R. Medlicott of 4435 Narragansett, whose challenging dahlia measured nine inches. But the Hollycrosses were understandably reluctant to surrender the championship, and this week Mr. Hollycross talked resolutely into The News office toting a ten inch dahlia. So the Dahlia Derby is still on. Any more challengers?

Drama Club Play Features Show At Recreation Center

The Drama Club of Ocean Beach sponsored by the Ocean Beach Recreation Center chose its permanent name at the regular meeting held July 25. The group will henceforth be known as the "Thespeteens."

"Money Isn't All" was presented July 21 as the club's contribution to the talent show at the Community Center, with the following cast: "Patricia Brown," Judy Stevenson; "Phyllis Thompson," Gerry Suchan; "Sally Wakefield," Joella Coles; "Marsha Morrow," June Blackett.

At present the players are working on the play, "Good Medicine," planned for performance later this month. Its cast is: "The Doctor," John Bittrich; "The Doctor's Wife," Lorraine Morrison; "Hetty Sage," Virginia Davis.

New members are welcome, it was reported, and interested actors are encouraged to attend the weekly meetings at the Center every Friday evening.

Camera Club Attracts

Center directors report the recently inaugurated Camera club is attracting many amateur photogs of the Beach. The interest reached a peak high enough to warrant the assignment of two rooms for the club's printing and developing activities. Leader Glen Neilson reports the group is well organized, but in need of additional equipment. He said he and the other members would extend a vote of thanks to donators of photographic equipment such as contact printers, printing frames, enlargers, developing trays, etc. Contributors my call B-1175 or B-5778.

J. O. (TOM) PLANTS RETURN; ATTEND UTAH CENTENNIAL

Mr. and Mrs. J. O. (Tom) Plant and their son Bernard and daughter Mrs. Barbara Bagnell and her two children Sandra and Billy returned Saturday July 26 from Utah, where they had been vacationing for three and a half weeks.

Their trip was auspiciously timed to coincide with Utah's centennial anniversary celebration. Mrs. Plant reports that the festivities were gloriously colorful, with parades featuring floats reminiscent of Pasadena's Rose Tournament. California contributed talent of the San Diego Marine Corps band as well as the all-girl band of St. Mary's college in San Francisco to the celebration.

Mrs. Plant visited with her mother Mrs. H. W. Hancey of Logan, Utah and Mr. Plant enjoyed the company of his brother's family, the H. T. Plants of Logan. Enroute the group took in the sights at Zion and Bryce national parks.

FATHER HARRIS RETURNS FROM EXTENDED TRIP

Rev. Phillip Harris of Trinity Episcopal church and St. Stephen's school returned this week from what he termed a "very successful" trip to the East. The popular clergyman spent two weeks at Barre, Vt. and toured the large cities of New England and the Atlantic seaboard. Although the trip was intended as a vacation and rest from his clerical duties, he conferred in Boston, Chicago, New York and Philadelphia with other Episcopal school officials, exchanging information and opinions with them. He was the guest of a number of friends, and spent a good deal of time sight-seeing. He left Ocean Beach June 30 and returned July 25.

Sale Announced of Business Property

Sale of business property on lower Newport Avenue was announced this week by L. D. Twiford of San Diego, the purchaser. He informed The News Monday that he had purchased both the Chicken Inn Cafe building at 5054 Newport Ave. and the Lauderdale Juvenile Shop building at 5050 Newport Ave.

Twiford, who resides on upper Third Avenue, San Diego, stated that he had bought the two buildings and the lots, total frontage of 50 feet on Newport Ave., for the income, and said he was impressed with the substantial future in store for Ocean Beach.

He purchased the property from S. W. Palmer of Ocean Beach, who had owned it for about a half year.

"Shop In Ocean Beach"

Mr. and Mrs. William A. Stone Sr. left Monday for their home in Bridgeport, Conn., after a week's visit at the home of their son and daughter-in-law, Mr. and Mrs. William A. Stone Jr. of 2029 Sunset Cliffs. The elder Stones were treated to the sights of the area while here, including a trip to Tijuana.
